

FRAZIER WINERY

Frazier Family Estate

Frazier Winery produces big, bold Cabernets and Merlots of great complexity and finesse from select lots of 100% estate fruit. Bill Frazier, a retired airline pilot, founded Frazier Winery in 1995 and now runs the business along with his daughter Kim who manages marketing and operations and his son Jon who manages their 21 acres of estate vineyards.

John Gibson has been making the Frazier wines since Frazier's first release in 1995. John's stellar resume includes stints at Chappellet, Stag's Leap Wine Cellars, where he spent 11 years, Vine Cliff and a handful of other highly regarded Napa Valley wineries. John currently makes not only the Frazier wines but also produces a small amount of wine under his own label, Salexis, while also consulting for Andrew Geoffrey Vineyards on Diamond Mountain.

Frazier Winery is located just east of the city of Napa in the up and coming Tulocay Appellation where cool climate Bordeaux varietals are gaining wide recognition for their complexity and intensity of dark fruit flavors. Frazier has expanded their operation since 1995 completing the construction of a winery facility on site in 2001 and drilling 10,000 square feet of barrel storage caves, which are now home to their tasting room and serve as the backdrop for many spectacular private and public events.

Frazier Winery hosts private sit down tastings in their cave tasting room seven days per week by appointment only. Here, visitors can choose to take a tour of the barrel storage caves where they will sample unreleased wines straight from the barrel. Current release wines are paired with gourmet cheeses and chocolates to create a memorable and lasting experience for every guest who discovers this family owned hideaway.

Above all, Frazier Winery and the Frazier Family are committed to consistency and quality not only the wines but also in the experience that guests enjoy when visiting this hidden estate winery. The Frazier Family looks forward to meeting you.
